

Vantageo NAS 212E

Efficient rackmount storage for Small and Medium Businesses

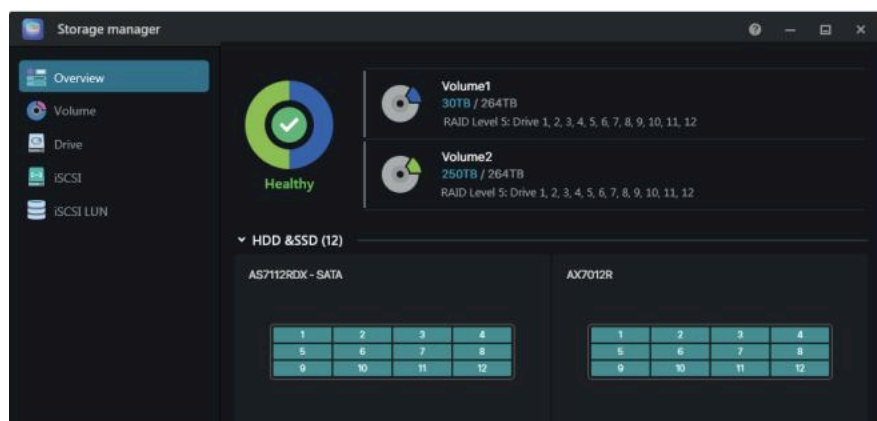

Expanding Storage Space

The Vantageo NAS 212E helps you expand your storage space while enhancing data management flexibility and efficiency. NAS devices serve as a centralized storage solution that offers convenient file sharing, remote access, and backup all in one. When attached to an VANTAGEO NAS, the Vantageo NAS 212E provides more drive bays for easy capacity expansion, making it especially suitable for enterprise environments that require extensive data storage and management.

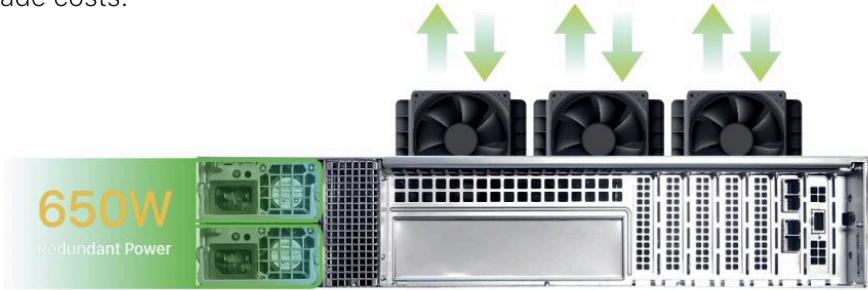

Easily Configure Using Storage Manager

The Vantageo NAS 212E appears in ADM natively and drives appear within Storage Manager, which makes managing and configuring the attached expansion unit easy. Use Storage Manager to set up RAID configurations as well as utilize snapshot features to further enhance data security and reliability.

The Vantageo Vantageo NAS 212E is equipped with two 650W redundant power supplies and three hot-swappable fans, which increases overall operational efficiency and fault tolerance. Both power supplies can automatically switch to the other in the event one fails, ensuring continuous operation and data security. The hot-swappable fan design allows for fan replacement without downtime, effectively reducing maintenance and upgrade costs.

Hardware Specifications

Chip	SAS35X28R
Flash Memory	2MB SRAM
Expansion Port	SAS IN-port : 2 SAS Out-port: 2
Compatible Drive Type	3.5" SAS 2 HDD; 3.5" SAS 3 HDD; 3.5" SATA 3 HDD
Drive Bays	12
Supports Hot Swappable Drives	Yes
System Fan	3x 80x38mm hot-swap cooling fan(s)
Power Supply Unit / Adapter	650W x2
Input Power Voltage	100V to 240V AC
Operation Temperature	0°C~40°C (32°F~104°F)
Humidity	5% - 95% (non-condensing)
Dimensions	89 (H) x 437 (W) x 647 (D) mm
Weight	13.15 (kg) / 29 (lb)
